

## Baldwin Supply List

The following lists are general lists that teachers in each department created. Individual teachers may add items for their particular class after school begins. Lockers will not be issued until the second day of school, so students should bring only a notebook, paper, pen, and a pencil the first day of school. Students are encouraged to use a "Trapper Keeper" type notebook (some zip or fasten with a tab) with assorted colored tab dividers for their core subjects. Teachers of electives may request individual notebooks or folders. Students may not carry book bags during the school day. Book bags and/or backpacks must be small enough to fit into lockers. Wheeled book bags will not fit into lockers.

\* Many teachers require each student has a "flash drive" to save computer work. Students may use one such portable drive for all classes, except computer.

### Science
